Power Sunglasses are sunglasses that come with vision correction lenses or prescription lenses. Power Sunglasses or Prescription Sunglasses bring together the utility of conventional sunglasses and the functionality of correction lenses to give you the best of both worlds. Power sunglasses are truly a boon for those who wear prescription eyeglasses. It allows them to unleash the fashionista in them and flaunt their style without compromising. Here are few advantages of Power Sunglasses :

## **1.No compromise on style**

Power Sunglasses come in various designs, shapes and sizes. You can pick the perfect pair to make a fashion statement. You no longer have to limit yourself to eyeglasses on a beach day with prescription sunglasses.

## **2. Added Comfort**

Power sunglasses are highly functional and are very comfortable for activities like driving, biking and other outdoor activities. They are comfortable to wear for long hours and enhance your vision.

## **3. UV Protection**

Power Sunglasses come with UV Protection and protect your eyes against harmful UV rays. They improve visibility by reducing glare when you are outside.

## **4. Affordable**

Prescription Sunglasses are affordable and you can get them without burning a hole in your pocket. They are also durable and pocket friendly to ensure maximum utility.

Eyewearlabs offers a wide range of Power Sunglasses that are fashionable and functional to meet all your eye-care needs.
